<b>4000 SERIES</b>		
<p><b>SB-4000 - EACH - BLACK ASH</b></p> 	<p>»» Front Firing long-stroke 13.5" driver »» STA-1200D Sledge, 1,200 watt (4,200 watts peak) amplifier »» Premium Black Ash or Piano Gloss Black Finish »» Protective, Non-Resonant Steel Mesh Grille »» Rigid and Braced MDF Cabinet »» 19-310Hz +/- 3 dB »» Dims (w/ grill): 18.3" H X 17.8" W X 20.9" D »» Weight: 102.3 lbs.</p> <p>Chest-thumping slam and extreme low frequency extension with pinpoint accuracy and refined musicality – a level of subwoofer performance not seen at this price before. The SB-4000's sophisticated DSP amplifier, innovative driver and a sealed box design command a space with deeper bass and higher output levels than what is typically possible from a subwoofer of its size. A top choice for audiophile music or home theater systems, the SB-4000 leaves larger and more expensive subs trembling in its wake.</p>	\$1,799.99
<p><b>SB-4000 - EACH - PIANO GLOSS BLACK</b></p>	<p>Refer to above description.</p>	\$1,899.99
<p><b>PB-4000 - EACH - BLACK ASH</b></p> 	<p>»» Front Firing long-stroke 13.5" driver »» STA-1200D Sledge, 1,200 watt (4,200 watts peak) amplifier »» Premium Black Ash or Piano Gloss Black Finish »» Front-firing triple 3" high-flow flared ports »» Protective, Non-Resonant Steel Mesh Grille »» Variable Standard, Extended and Sealed Port Modes »» Standard: 16Hz to 200Hz +/-3dB, Extended: 13Hz to 200Hz +/-3dB, Sealed: 18Hz to 200Hz +/-3dB »» Rigid and Braced MDF Cabinet »» Dims (w/ grill): 23.4" H X 20.5" W X 30" D »» Weight: 153.2 lbs</p> <p>Staggering levels of low-frequency output and subterranean deep bass extension down to 13Hz with an amazing degree of subtlety and finesse to thrill both action movie buffs and audiophiles. Sophisticated DSP technology in the PB-4000 creates three port tuning modes, each with individual response curves to achieve the most accurate in-room frequency response possible. It's like having three subwoofers in one. Effortlessly powerful bass that extends far below the limits of human hearing, the PB-4000 creates a physical experience with every listening session.</p>	\$2,299.99
<p><b>PB-4000 - EACH - PIANO GLOSS BLACK</b></p>	<p>Refer to above description.</p>	\$2,399.99
<p><b>PC-4000 - EACH - PIANO GLOSS BLACK</b></p> 	<p>»» Down Firing long-stroke 13.5" driver »» STA-1200D Sledge, 1,200 watt (4,200 watts peak) amplifier »» Premium Black Ash or Piano Gloss Black Finish »» Up-firing triple 3" high-flow flared ports »» Protective, Non-Resonant Steel Mesh Grille »» Variable Standard, Extended and Sealed Port Modes »» Standard: 17Hz to 200Hz +/-3dB, Extended: 15Hz to 200Hz +/-3dB, Sealed: 15Hz to 200Hz +/-3dB »» Rigid and Braced MDF Cabinet »» Dims (w/ grill): 46.9" (1190mm) H X 16.5" (419mm) Diameter »» Weight: 108.8 lbs</p> <p>With a footprint measuring just 19" across, the PC-4000 is at the pinnacle of SVS cylinder subwoofer design achieving unparalleled output and deep bass extension per inch of floor-space. Sophisticated DSP technology in the PC-4000 creates three port tuning modes, each with individual response curves to achieve the most accurate in-room frequency response possible. The PC-4000 also comes standard with the SoundPath Subwoofer Isolation System for cleaner sounding bass with increased definition and more punch without room rattle and reduced bass bleed.</p>	\$2,199.99
<b>16 ULTRA SERIES</b>		
<p><b>SB16-ULTRA SUBWOOFER - EACH - PIANO GLOSS</b></p> 	<p>»» Front Firing long-stroke 16" driver »» STA-1500D Sledge, 1,500 watt (5,000 watts peak) amplifier »» Premium Black Ash or Piano Gloss Finish »» Protective, Non-Resonant Steel Mesh Grille »» Rigid and Braced MDF Cabinet »» 16-460Hz +/- 3 dB »» Dims (w/ grill): 20" H X 19.5" W X 20.1" D »» Weight: 122 lbs.</p> <p>The SB16-Ultra combines effortless output, bottomless low frequency extension, pinpoint accuracy, incredible musicality and seamless blending to stake a claim as the finest subwoofer in history. Destined to be a top selling classic, the SB16-Ultra is a quantum leap forward in subwoofer design, innovation and performance. From the massive and unprecedented 16-inch driver with hulking 8-in edge wound voice coil, to the effortlessly powerful and intelligent 1,500 watts continuous, 5,000+ watts peak power discrete amplifier and revolutionary Bluetooth DSP control app, the SB16-Ultra is the subwoofer by which all other models will be judged against for years to come.</p>	\$2,299.99

<p><b>ULTRA SURROUND - PAIR - PIANO GLOSS</b></p> 	<p>»» Real Black Oak Veneer and Piano Gloss Black finish options »» Dual SoundMatch 2-way crossover network with premium components »» Dual 1" aluminum dome tweeters »» Dual 5.25" woofers »» Dual gold-plated 5-way binding posts »» Rated bandwidth: 58 Hz-32 kHz (<math>\pm 3</math> dB) »» Sensitivity: 87 dB (2.83V @ 1 meter full-space, 300-3kHz) »» Nominal impedance: 8 ohms »» Recommended power: 20-250 watts »» Dims: 14" (H) x 12.3" (W) x 5.4" (D)</p> <p>High-definition movie and multi-channel music soundtracks demand a high-performance surround speaker. The Ultra Surround rises to the challenge, delivering immersive and thrilling surround sound effects rivalling the finest commercial cinemas. For the ultimate in flexibility, the Ultra Surround can operate in three different surround sound modes: Bipole, Dipole and Duet mode. Duet mode creates two separate speakers within one cabinet, allowing true 7-channel surround sound with just two surround speakers instead of the more common four. Duet mode is very useful for enthusiasts who want to experience discrete 7 channel surround sound, but who lack the space for a separate set of rear surround speakers.</p>	\$1,199.98

<b>SOUNDPATH ACCESSORIES</b>		
<b>SVS SOUNDPATH SUBWOOFER ISOLATION SYSTEM - 4 PACK</b> 	The SVS SoundPath Subwoofer Isolation System decouples and isolates the subwoofer from the flooring, resulting in tighter and cleaner sounding bass, less buzz/rattle in the room, and fewer complaints from adjacent neighbors in apartments and townhouses. It's the next best thing to sound-proofing! The SoundPath Subwoofer Isolation System works with any brand of subwoofer which accepts screw-in feet. Developed with extensive accelerometer and acoustic measurements, this system features optimized durometer elastomer feet which significantly reduce floor vibration.	\$49.99
<b>SVS SOUNDPATH SUBWOOFER ISOLATION SYSTEM - 6 PACK</b>	Refer to above description.	\$69.99
<b>SOUNDPATH TRI-BAND WIRELESS AUDIO ADAPTER</b> 	Adds wireless connectivity to subwoofers, powered speakers, amplifiers, and more, in congested wireless signal areas where single-band wireless transmitters struggle. Transmits a pristine, full-range stereo audio signal up to 130-feet at CD-quality (16-bit/48KHz) with ultra-low latency.	\$199.99
<b>SOUNDPATH TRI-BAND RECEIVER</b>	Individual receiver for SVS SoundPath Tri-Band Wireless Audio Adapter. Allows integration of dual subwoofers and wireless audio playback with a single transmitter. Up to 6 receivers can be paired with a single transmitter.	\$99.99
<b>SOUNDPATH WIRELESS AUDIO ADAPTER</b> 	Add wireless connectivity to subwoofers, speakers, amplifiers and more. Transmits a pristine, full-range audio signal up to 65' at CD-quality (16-bit/48KHz) with ultra-low latency.	\$119.99
