

PS Audio 2024 Catalog

PS AUDIO

Welcome to the Hi-Fi Family

James, Sales

Not just a family that runs in bloodlines, but in frequencies.

Because while we may not all share the same genes, we are all related by a passion, nay, obsession with listening to the music we love at the highest, most breathtaking quality possible. And in our minds, that makes us kin. In fact, we believe that every nutty, hertz counting audiophile out there is part of our tribe.

Scott, Sales

That's how we've built our company over the last 40 years - with the kind of care and respect that you give to your family. It's why we've consistently used ground-breaking innovation, not to exaggerate our prices, but to give like-minded enthusiasts the highest quality equipment at the absolute best value.

It's why we developed unbeatable customer service that works hard to ensure total satisfaction. It's why we created a trade-in program that helps facilitate a lifetime journey of audio bliss.

It's why we publish a magazine and daily videos that aren't aimed at selling, but at helping our friends and fostering a community. And it's why we encourage free tours of our facility here in Boulder, Colorado because we truly love what we do, and we just want to share it.

When you buy PS Audio, you aren't just getting the best high performance audio equipment, you're getting something much more fulfilling.

Welcome to the Hi-Fi Family.

POWER REGENERATORS

DirectStream Power Plant 20™

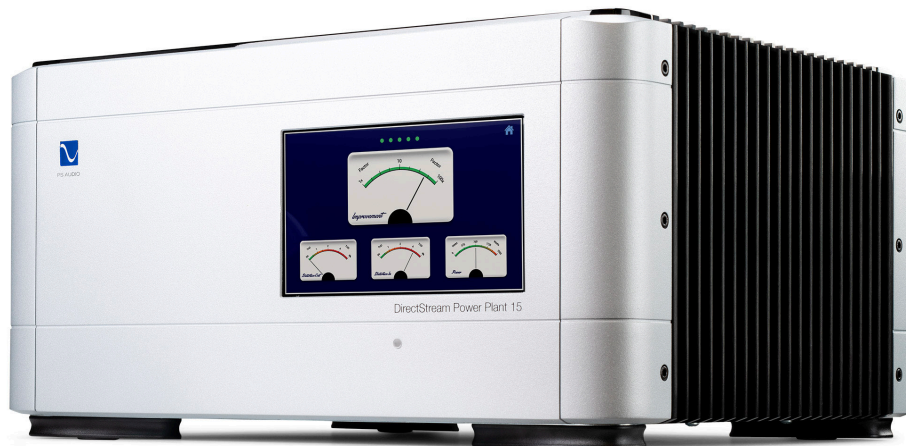

The largest high-end
personal power generating
station in the world

- 2000 continuous VA output
- 3600 VA peak output
- Passively cooled
- 100% analog regenerated AC
- Integrated oscilloscope
- MultiWave
- THD meter
- Adjustable output voltage
- 7" color touchscreen
- 15 amp and 20 amp IEC input
- Low output impedance
- Surge and spike protection
- \$9,999

DirectStream Power Plant 15™

The second largest
high-end personal power
generating station in the

- 1200 continuous VA output
- 3600 VA peak output
- Passively cooled
- 100% analog regenerated AC
- Integrated oscilloscope
- MultiWave
- THD meter
- Adjustable output voltage
- 7" color touchscreen
- 15 amp IEC input
- Low output impedance
- Surge and spike protection
- \$7,999

DirectStream Power Plant 12™

Produces pure AC and is the power source of choice for almost any size system

- 1000 continuous VA output
- 3600 VA peak output
- Whisper cooling fan
- 100% analog regenerated AC
- Integrated oscilloscope
- MultiWave
- THD meter
- Adjustable output voltage
- 7" color touchscreen
- 15 amp and 20 amp IEC input
- Low output impedance
- Surge and spike protection
- \$5,999

DirectStream Power Plant 3™

Pure regenerated AC providing clean, protected power for whole systems

- 300 continuous VA output
- 1000 VA peak output
- 15 amp filtered outputs
- 100% analog regenerated AC
- 85% efficient cool operation
- MultiWave
- 3 Power Port Classic AC output receptacles
- Compact Stellar chassis
- Remote control
- 15 amp IEC input
- Surge and spike protection
- \$2,999

BHK Signature 300 Amplifier

AMPLIFIERS

BHK 600 Amp

Signature Power Amplifier
Monoblock 600/1200 watts

- Parallel vacuum tube input stage
- 336,000 microfarad power supply
- Vacuum tube rectifier
- MOSFET output stage
- XLR balanced input
- 600 watts 8Ω
- 1000 watts 4Ω
- 2Ω stable
- Less than 0.01% THD 20KHz to 20Hz at 1W
- \$29,999 the pair

BHK 300 Amp

Signature Power Amplifier
Monoblock 300/600/1000 watts

- Parallel vacuum tube input stage
- Parallel design doubles damping factor
- MOSFET output stage
- XLR balanced input
- 300 watts 8Ω
- 600 watts 4Ω
- 1000 watts 2Ω
- Less than 0.01% THD 20KHz to 20Hz at 1W
- \$16,998 the pair

BHK 250 Amp

Signature Power Amplifier
Stereo 250/500 watts

- Vacuum tube input stage
- MOSFET output stage
- XLR balanced input
- 250 watts per channel 8Ω
- 500 watts per channel 4Ω
- 2Ω stable
- Less than 0.01% THD 20KHz to 20Hz at 1W
- \$8,499

BHK Preamp

Signature Preamp Vacuum
tube reference design

- Vacuum tube input stage
- MOSFET output stage
- PRP resistors
- 5 RCA inputs
- 5 XLR inputs
- Fully balanced input to output
- Extended FR to 200kHz
- Home theater bypass
- Discrete BHK designed headphone amplifier
- \$6,999

Stellar M1200 Amp

- Balanced monaural design
- Zero feedback vacuum tube input stage
- Powerful MOSFET output stage
- Balanced and single ended
- 600 watts 8 Ω
- 1200 watts 4 Ω
- 2 Ω stable
- Less than 0.1% THD
- Will drive any speaker load
- \$6,998 the pair

Stellar M700 Amp

- Balanced monaural design
- Zero loss Class A AnalogCell input
- Powerful MOSFET output stage
- Balanced and single ended
- 350 watts 8 Ω
- 700 watts 4 Ω
- 2 Ω stable performance
- \$3,498 the pair

Stellar S300 Amp

- Dual mono design
- Zero loss Class A AnalogCell input
- Powerful MOSFET output stage
- Balanced and single ended
- 140 watts 8 Ω
- 300 watts 4 Ω
- 2 Ω stable performance
- \$1,999

Stellar Strata MK2

- Balanced analog preamplifier
- Full function DAC
- Class A headphone amp
- 200 watt/channel power amp
- Phono stage
- Analog Gain Cell
- Home theater bypass
- Direct coupled
- Six digital inputs
- DSD direct through I2S
- \$3,499

Stellar Phono

- MC and MM cartridges
- Fixed and variable loading
- Remote control
- Up to 70dB low noise gain
- Two inputs for two tonearms
- Single ended and balanced outputs
- All discrete FET design
- Class A analog circuitry
- No ICs in signal path
- \$2,999

StellarGold Preamp

- Class A gain stages
- Balanced input to output
- High slew rate amplification
- Multiple stage regulation
- Near perfect transient response
- Oversized power supply
- Discrete JFET/BJT design
- Precision stepped attenuation
- Low global feedback
- \$3,999

DACs and Sources

DirectStream DAC MK2

- 100% DSD based DAC
- Lossless volume control
- PCM and DSD upsampled
- 256 DSD
- 352.2 PCM
- 7 digital inputs
- Galvanically isolated
- Low jitter clocks
- FPGA based, no IC DACs
- \$7,999

PerfectWave SACD

- SACD/CD/CD-R/CD-RW
- Galvanically isolated output
- SACD DSD layer available
- 2X BNC (coax) output
- I²S output for DSD and PCM
- RCA (coax) output for PCM
- Ethernet and WIFI for updates
- Large analog power supply
- Separate power regulators
- FPGA signal processing
- Remote control
- \$6,999

StellarGold DAC

- Class A output stage
- Full function PCM/DSD DAC
- 4 parallel DACs per channel
- Fully balanced design
- Discrete output stage
- 768kHz PCM
- 256 DSD
- Lossless volume control
- Direct coupled design
- Oversized power supply
- \$3,999

When Music Matters

The FR-30 brings the concert hall home.

aspen FR-30

- Full range 3-way system
- Pearl white or Sable black
- Speakers sonically disappear
- Planar magnetic tweeters
- Planar magnetic midrange
- 88dB sensitivity
- 28Hz-20kHz (-6dB)
- Two piece cabinet for easy setup
- Heavy internal bracing
- 4 8" low distortion split gap woofers
- 4 10" side-firing passive radiators
- Flat impedance curve for easy driving
- \$29,999 the pair

aspen FR-20

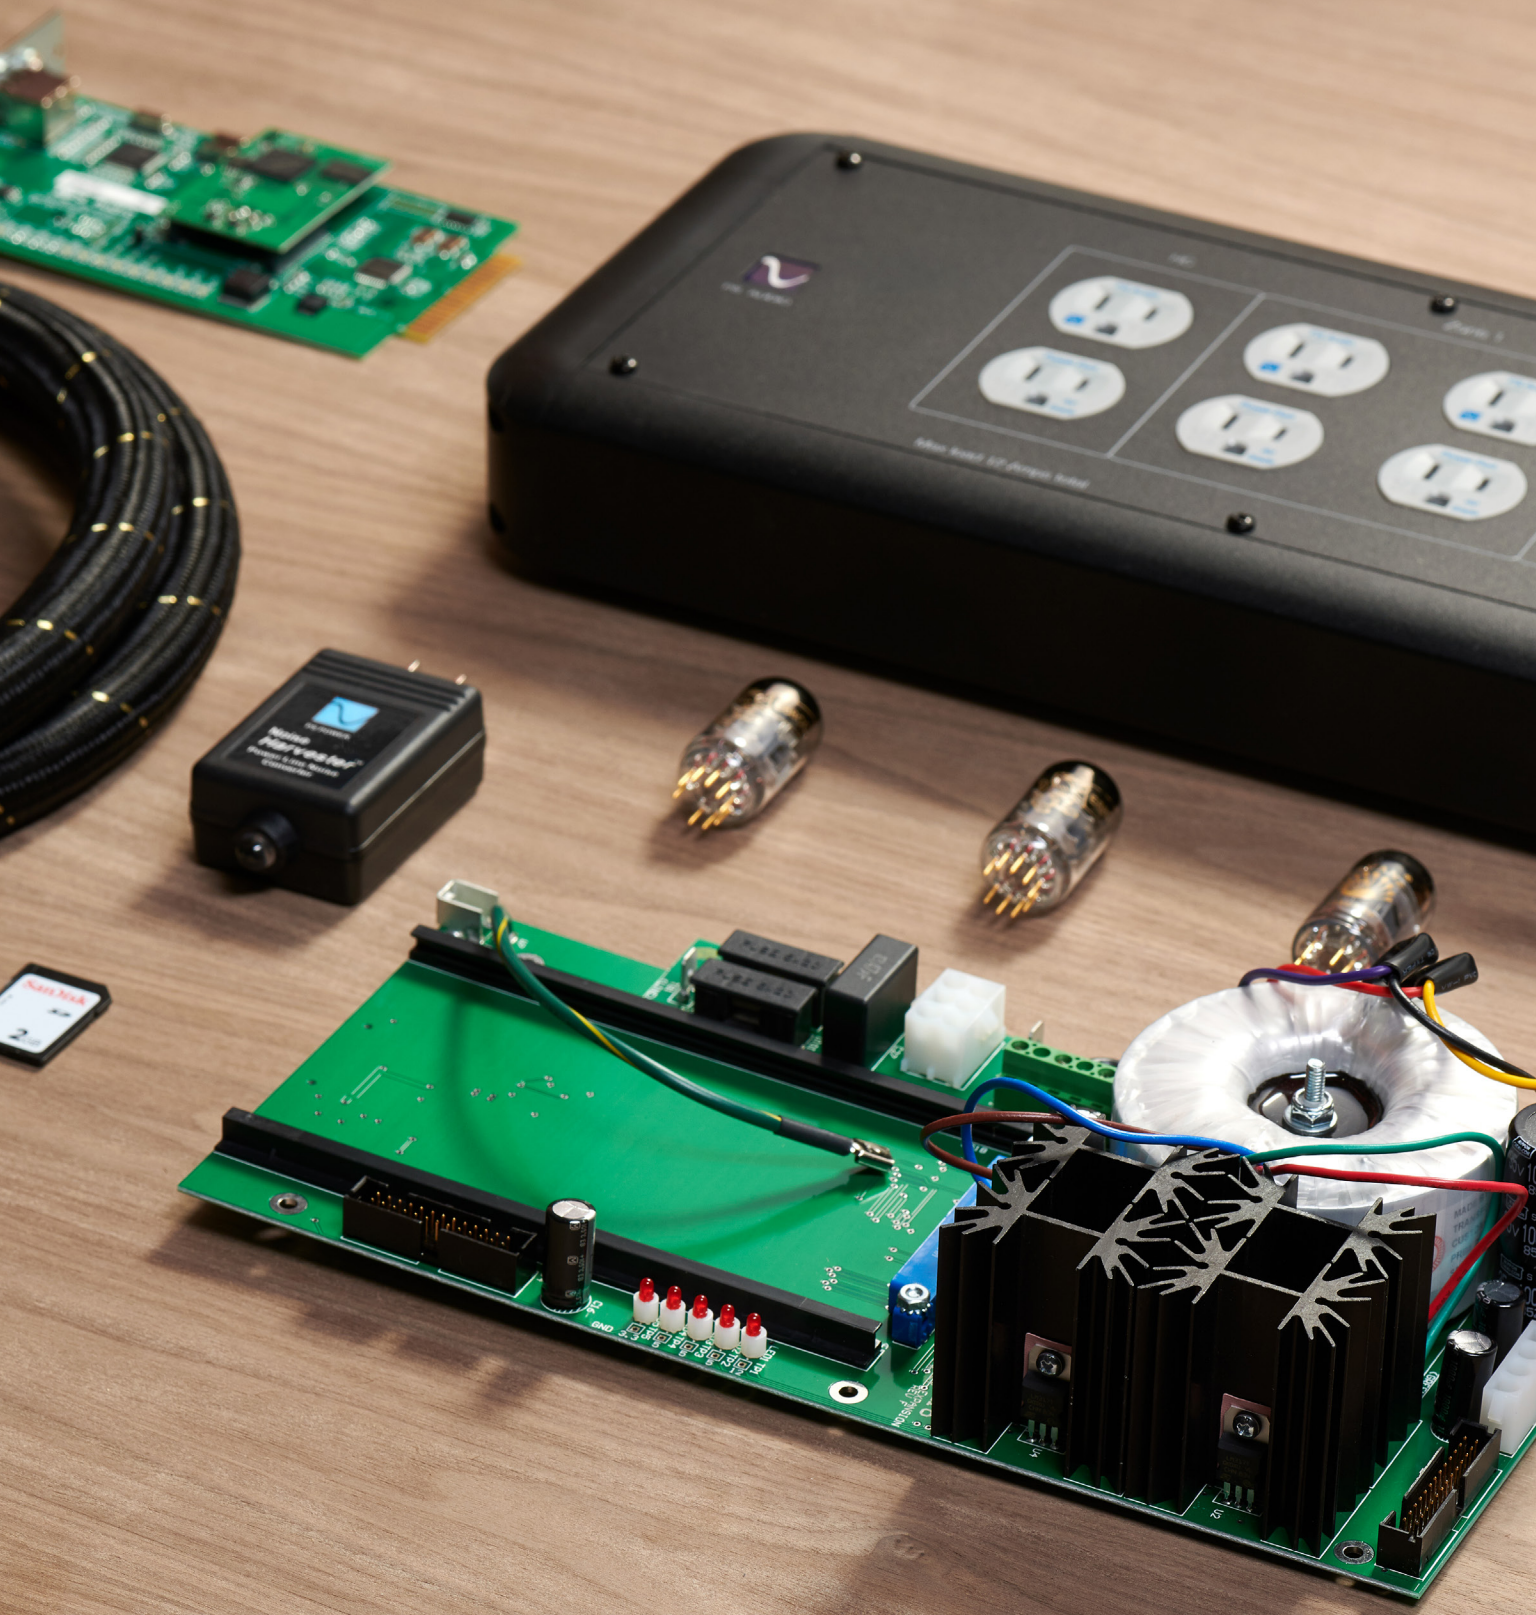

- Full range 3-way system
- Speakers sonically disappear
- Pearl white or Sable black
- Planar magnetic tweeter
- Planar magnetic midrange
- 87dB sensitivity
- 23Hz-20kHz (-6dB)
- Two 8" low distortion woofers
- Heavy internal bracing
- 2 8" low distortion split gap woofers
- 2 10" side-firing passive radiators
- Flat impedance curve for easy driving
- \$18,999 the pair

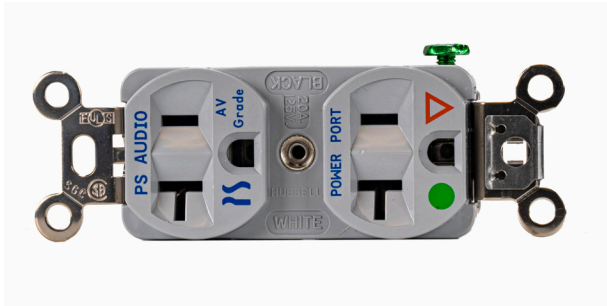

aspen FR-10

- Full range 3-way system
- Satin white or Satin black
- Speakers sonically disappear
- Planar magnetic tweeter
- Planar magnetic midrange
- 86.5dB sensitivity
- 32 Hz-20 kHz (-6dB)
- Two low distortion 6.5" woofers
- carbon fiber PMI woofers with advanced motor structure
- Heavy internal bracing
- Audiophile grade film capacitors
- Smooth and flat on and off axis response
- \$9,999 the pair

Accessories

Power Port™

Power Port classic AC power receptacle

- 15 coats polished nickel
- 15 or 20 amp ready
- Improves imaging
- Easy to install
- Cleans the soundstage
- Open, airy top end
- Improves midrange
- Improved connectivity
- Lowers sonic noise floor
- \$49

AirLens™

Galvanically isolated network streamer

- Network streaming
- Ethernet or WiFi
- 100% isolated
- Easy to install
- Amazing audio
- I²S output
- RCA coax output
- DSD and PCM
- Improved connectivity
- \$1,999

Sprout 100

PS Audio's integrated amplifier, Sprout 100

- 100 watt stereo amplifier
- Headphone amplifier
- DAC
- Phono stage
- Bluetooth streaming
- Remote control
- USB input
- Optional bass boost
- Drives any speaker
- \$799

Hum Zero

Eliminate hum from your system

- Galvanically isolates ground
- Cleans noisy grounds
- Keeps system hum and buzz free
- Easy to install
- Improves audio
- Improves video
- Maintains safety
- Unrestricted data
- Broadcast quality video
- \$49

You've got hi-fi questions,
he's got long-winded answers.
